

Observer Training

Did you pass your advanced test in 2010?
Are you interested in becoming an Observer in 2011?

YAM has a few places on the Observer Development Programme for Trainee Observers.

There are only a limited number of places; therefore we cannot guarantee that all applicants will be accepted, but don't let that deter you.

Please register your interest by contacting our membership secretary by email at:

membershipsecretary@yamonline.org.uk
